

May Budget Update

WHAT ARE WE FIGHTING FOR?

To make our pay scale shorter and more fair.

WHERE IT STARTED

BCPS was offering only one step -- at a value of around \$12 million.

WHAT WE'VE DONE

- A massive letter-writing to BCPS by thousands of TABCO members laying out our demands
- A huge Red For Ed campaign
- Continued and targeted pressure on BCPS through social media
- Sustained pressure on BCPS through media hits throughout the county
- Board of Ed rally with nearly 300 members in attendance
- Town Hall speeches

WHAT NOW, WHAT'S NEXT?

BCPS has nearly tripled their original offer to a value of around \$33 million.

TABCO is continuing push elected officials, including Board of Ed members, for a fairer and shorter pay scale, and we continue to negotiate with BCPS.

We're not done yet.

We are asking all TABCO members to sign the petition below, calling on Board of Ed Chair Jane Lichter to find the resources to settle the deal -- to make our pay scale shorter and fairer and to recruit and retain great educators in Baltimore County.

SIGN THE PETITION HERE TODAY!
